

Neil Forte

Director

Professional experience

Neil Forte is a Director at TSA Riley, an Expert Witness, an Adjudicator, a Chartered Quantity Surveyor, a Chartered Builder and a Chartered Building Engineer specializing in dispute resolution with 18 years' experience in the construction industry.

He is an RICS registered expert Witness, a Practicing Member of the Expert Witness Institute, and a Practicing Member of the Academy of Experts.

Neil is a panel registered Adjudicator at the Royal Institution of Chartered Surveyors (RICS), the Chartered Institute of Arbitrators (CIArb), the Construction Industry Council (CIC), UK Adjudicators and Hunt ADR.

He is also on the RICS Construction Professional Group Panel and a member of The Society of Construction Law and The Adjudication Society.

Neil is regularly involved in Adjudications, the preparation of Expert Reports and dispute management with leading Solicitors, Barristers, Sub-Contractors, Main Contractors, Developers, Client Teams, Local Authorities and Consultants amongst others.

He has been appointed as a Quantity Surveying Expert Witness in relation to a range of Quantum matters on a variety of construction projects for the purposes of Litigation, Arbitration and Adjudication proceedings including for joint instructions.

Neil has been appointed as Adjudicator by the RICS amongst other nominating bodies on a range of disputes.

Neil also undertakes Party Representative roles for the purposes of Adjudication proceedings by either the Referring Party or the Responding Party.

He has advised on dispute avoidance and pre and post contract cost management for a range of construction projects. As well as being appointed as Arbitrator in respect of consumer disputes.

Neil has an in depth understanding of claims and dispute resolution from working as a Quantity Surveyor for a Tier 1 Main Contractor. This, combined with his legal and dispute resolution training and experience, enables Neil to successfully assess claims and defences based on personal experience supplemented by technical skills.
